

**EXHIBIT A
FOR
PELICAN NURSERY MPUD**

Regulations for development of the Pelican Nursery MPUD shall be in accordance with the contents of this MPUD Document and applicable sections of the LDC and Growth Management Plan (GMP) in effect at the time of issuance of any site development plan or plat. Where this MPUD Ordinance does not provide development standards, then the provisions of the specific sections of the LDC that are otherwise applicable shall apply.

PERMITTED USES:

A maximum total of 400 residential dwelling units and 228,000 square feet of floor area shall be permitted within the MPUD. Commercial square footage may be increased administratively as long as the peak hour trip cap referenced in Exhibit F, Item 4 is not exceeded. No building or structure, or part thereof, shall be erected, altered or used, or land used, in whole or in part, for other than the following:

REQUESTED DEVIATIONS FROM THE LDC

1. Deviation #1 seeks relief from LDC Section 6.06.02. – Street System Requirements and Appendix B, Typical Street Sections and Right-of-Way Design Standards. The LDC establishes a minimum 60-foot right of way width for local streets. This deviation proposes to allow for a bypass drive within the site to be located in a 40-foot wide access easement or Right-of-Way.
2. Deviation #2 seeks relief from LDC Section 6.06.02.A.1, Sidewalk, Bike Lane, and Pathway Requirements, which requires that Sidewalks and Bike Lanes be constructed within public rights of way adjacent to development sites prior to the first certificate of occupancy for the development. This deviation proposes to provide the developer the option of constructing a six-foot wide sidewalk through the commercial portion of the development to connect from the multi-use path on Collier Boulevard to the Immokalee Road Right-of-Way as shown in the PUD Master Plan.
3. Deviation #3 seeks relief from LDC Section 6.06.02.A.2 – Sidewalks, Bike Lanes, and Pathway Requirements, which requires that sidewalks be constructed on both sides of private rights-of-way or easements internal to the site. The deviation proposes to provide the developer the option of constructing a six foot sidewalk on only one side of the access easement or right-of-way serving as a bypass drive connecting Collier Boulevard to Immokalee Road

DEVELOPMENT COMMITMENTS

1. PUD MONITORING

One entity (hereinafter the Managing Entity) shall be responsible for PUD monitoring until close-out of the PUD, and this entity shall also be responsible for satisfying all PUD commitments until close-out of the PUD. At the time of this PUD approval, the Managing Entity is BCHD Partners II, LLC, 2600 Golden Gate Parkway, Naples, FL 34105. Should the Managing Entity desire to transfer the monitoring and commitments to a successor entity, then it must provide a copy of a legally binding document that needs to be approved for legal sufficiency by the County Attorney. After such approval, the Managing Entity will be released of its obligations upon written approval of the transfer by County staff, and the successor entity shall become the Managing Entity. As Owner and Developer sell off tracts, the Managing Entity shall provide written notice to County that includes an acknowledgement of the commitments required by the PUD by the new owner and the new owner's agreement to comply with the Commitments through the Managing Entity, but the Managing Entity shall not be relieved of its responsibility under this Section. When the PUD is closed-out, then the Managing Entity is no longer responsible for the monitoring and fulfillment of PUD commitments.

2. MISCELLANEOUS

- a. All other applicable state or federal permits must be obtained before commencement of the development.
- b. Pursuant to Section 125.022(5) F.S., Issuance of a development permit by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

3. UTILITIES

- a. A water main stub out to the south of the residential area will be constructed at the time of residential development to allow for interconnection of the water distribution system of Pelican Nursery MPUD to the Tuscany Cove PUD (at the existing water main dead end on Cortona Way). Collier County Public Utilities will be required to make the interconnection between Pelican Nursery MPUD and Tuscany Cove PUD. The developer will provide a 15-foot wide (minimum) County Utility Easement from the Pelican Nursery water main stub out to the existing water main dead end on Cortona Way.

- b. The developer and Collier County Public Utilities will evaluate the potential to reserve area for up to four raw water well sites within the property. Conceptual locations of the four potential well sites are shown on the PUD master plan and the feasibility to provide the well sites to the developer will be determined at the time of final site planning and will be evaluated based on the compatibility of the required easements and the project land plan. Collier County Public Utilities would be required to perform all construction related to the raw water wells and to compensate the developer for the value of the easement areas.
- c. In the event that raw water wells are proposed within the Pelican Nursery PUD, the developer will construct the raw water transmission mains within the site for future connection to the county rights-of-way. Collier County Public Utilities will be responsible for providing specifications for pipe size, pipe material, and stub out location. Collier County will reimburse the developer for the reasonable cost of the installation of the raw water transmission mains.

4. TRANSPORTATION

The project shall be limited to a maximum of 1,138 PM peak hour two-way trips (net external-pass-by and internal capture adjustments made).
